THE ART OF PERFORMANCE

PERFORMANCE ENGINES OVERVIEW

INGENIUM ENGINES STOP/START TECHNOLOGY

Ingenium technology underprins three of the diesel engines in the XF range. These low friction, all aluminium engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance. All engines are equipped with Slop/Slart technology and smart regenerative charging – harvesting kinetic energy from braking to charge the battery - for maximum economy, especially during burden driving, XFF sidele engines are available with either 6-6-peed Manual Transmission that provides slick, short changes or an 8-speed Automatic Transmission that is highly responsive, smooth and efficient. For information on transmission availability, full consumption, CO, emissions and performance figures for XFFs engines, please refer to pages 94 to 97.

AdBlue®

INGENIUM DIESEL ENGINES FROM

104g/km° CO₂

The Ingenium 2.0 litre 4 cylinder 16395 Turbocharged Diesel is refined and highly efficient, Low-flow direct hijectors precisely control the amount of fuel that enters the combustion chamber for maximum efficiency. Intelligent, electronically controlled, adaptive engine cooling only engages when required minimising fuel consumption and CO, emissions. This desert limit driving pleasure, the engine's strong torque gives pool performance from low down in the very range for brisk acceleration.

The Ingenium 2.0 litre 4 cylinder 180PS Turbocharged Diesel offers impressive performance and economy. For an engine of this size it offers high levels of florency, but not at the expense of efficiency—a blance achieved thanks to its variable geometry turbocharger. Adapting to the changing flow of evaluations guess; it maximum sellow speed torque for broad power and responsiveness that is uniform, progressive and avoids leg.

AdBlue®

DIESEL ENGINE

O-60mph in 5.8 seconds*

The X.0 litre V6 300PS Turbocharged Diesel engine offers exceptional power, to it uses innovative twin-parallel sequential turbocharging – a concept pioneered b for smooth, more immediate delivery of power at all engine speeds, as well as two to conserve energy.

22 PERFORMANCE

JAGUAR

CONTENTS PERSONALISATI

XF offers a choice of petrol engines, including three from our Ingenium range. With their lightweight all-aluminum design, and widespread use of low-friction roller bearings, ingenium petrol engines are built for smooth, highly efficient performance. To guarantee a responsive drive and effortiess acceleration, every XF petrol engine makes use of a rapid-shifting, 8-speed Automatic Transmission.

All engines are equipped with Socialises or representations and service that of the service of t

O-50 PDb in 5.2

0-60mph in 6.2 seconds

The Ingenium 2.0 litre 4 cylinder 200PS Turbocharged Petrol** engine offers the drivability of larger engines, but with much lower fuel consumption. Direct fuel injection from centrally mounted solenoid injectors enurse precise delivery of fuel for highly efficient and clean combustion, intelligent Continuously variable fuel but Control manages early or late opening of left valvier, manning the engine can adapt its performance to all driving situations. This works with dual independent variable can timing to optimise power at all speeds.

The Ingenium 350PS 2.0 litre 4 cylinder Turbocharged Petrol engine delivers outstanding usable power and torque. For excellent acceleration and effortless overtaking, maximum torque is available between 1200-4.500 rpm. This engines twin scroll turbocharger is fed by an integrate devhaust manifold that synchronises exhaust pulses from two separate pairs of cylinders – significantly reducing turbo lag and improving engine response.

The Ingenium 2 of little 4 cylinder 300PS Turbocharged Petrol** engine's impressive power is balanced with strong fuel economy. For almost instant boost and high efficiency, its low inertia twin-scroll turbocharger features low-friction bal Bearings and a high flow compressor wheel. Underprined by the turbocharger's increased aerodynamic efficiency, the engine delivers rapid acceleration and maximum torque of 400Mb between 1500-1500 pcm.

PETROL ENGINE UP TO

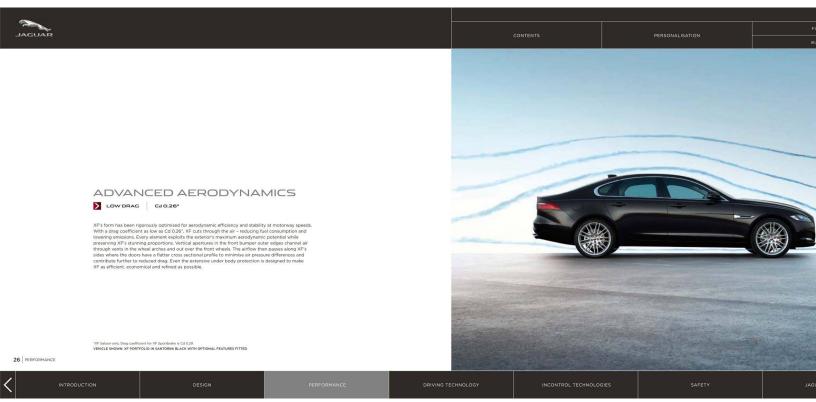

0-60mph in 5.1 seconds

The 3.0 litre V6 380PS Supercharged Petrol engine** features a Root twin vortex supercharger that provides linear delivery of power and miresponsiveness. This results in performance matching much larger engiontimising contemporary and reducing emissions. The engine also features independent variable cam timing to vary inlet and exhaust valve opera adengable lightweight sistems with unlet and rectangular postern risps, for in adengable significancy. For added refinement there is a twin, contibutors of the provided of the

34 DRIVING TECHNOLOGY

JAGUAR

ADVANCED DRIVETRAIN TECHNOLOGY

ALL WHEEL DRIVE INTELLIGENT DRIVELINE DYNAMICS

XFs All Wheel Drive (AWD) system combines the agility and character of Rear Wheel Drive (RWD) with the increased security and traction provided by AWD. In normal driving, XF is predominantly RWD to deliver handling purity, feel and balance. But when roads become more challenging, or when you accelerate more keenly on low-grip surfaces, the system subtly channels power forwards enabling XF to maintain optimum traction for confortable progress in all conditions.

enabling XF to maintain optimum traction for comfortable progress in all conditions. XFS AVD uses a transfer case at the back of the 8-psee Automatic Transmissions to manage the appropriate distribution of torque to the front and rear wheels. Engineered to ensure that XF retains the dynamic behaviour of a Japaux, the transfer case contains on electro-mechanically activated multi-plate clutch with an actualor to build hydraulic pressure. This pressure is quickly and accurately controlled to generate the required force in the clutch to transfer the optimal amount of forcus to the first wheels.

amount of torque to the front whees. Unlike other systems that mact to wheel slip, Jaguar's Intelligent Driveline Dynamics (IDD) software is predictive and uses sensors measuring throttle and steering inputs to anticipate wheel joi, IDD seamlessly co-ordinates these inputs and companes them with responses from the engine, transmission and traction control systems to calculate the traction available and distribute torque accordingly even before girp is lost. From a standistill Re ant transition from RWD to AWD in as little as 165 milliseconds or just 100 milliseconds when the car is moving. The result is a drive which blands the character of RWD with the capability of AWD, providing outstanding levels of performance and control whatever the road throws at you.

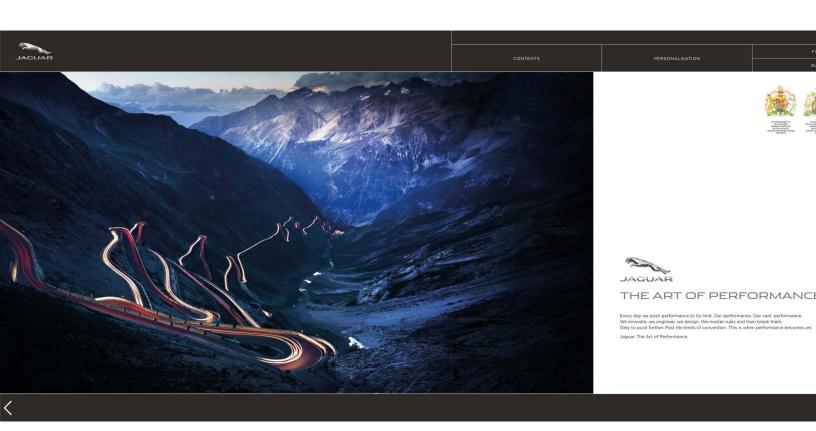

DRY ROAD CONDITIONS
In normal conditions, torque is distributedlivering acclaimed Jaguar agility and

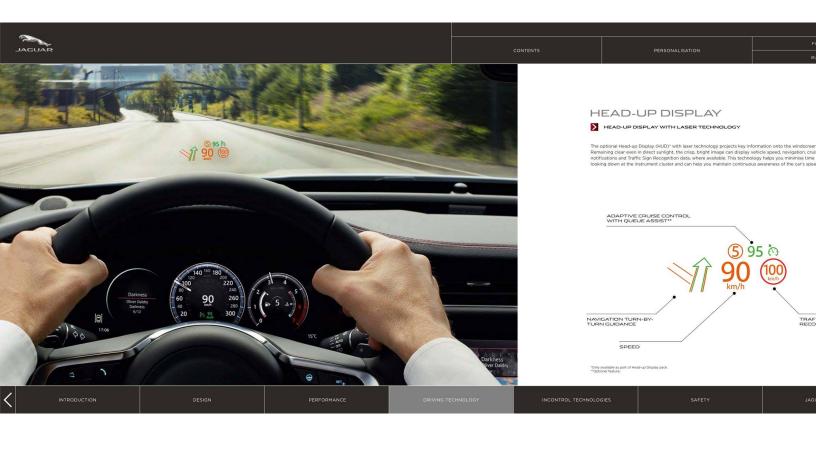

On slippery surfaces, such as grass and balanced between the front and rear w in extreme conditions where only the f up to 100 percent of engine torque car wheels for optimum grip.

ADVANCED INFOTAINMENT AS STANDARD

The Touch multimedia system is XF's hub for connectivity, control and entertainment. The key features are:

8" Touchscreen at the heart of the centre console. Clear and responsive graphical interface for quick control.

Easy to use Touchscreen responds directly to touch and swipe gestures.

Navigation guidance makes planning journeys and following routes easy, thanks to turn-by-turn voice guidance and junction view. 'Dead-rectoning' functionality can accurately position the vehicle even when GBS signals can no longer be received – perfect for city centres or driving through turnels.

Bluetooth phone connectivity allows you to link and control your smartphone via Touch either for phone calls or music playback: simple, easy and wire-free.

Access a world of music thanks to AM/FM and DAB radio as well as iPod, USB and AUX connections.

Integrated text-to-voice* technology reduces distraction by reading out incoming text messages. You can easily respond with short, prepared messages.

Precise climate control is available via the Touchscreen. Adjust temperature levels, direction and intensity of airflow and operate heated or cooled seats (if fitted).

CONNECT

STANDARD CONNECTIVITY PACK

Connect is a bundle of technologies and application connectivity to the next level.

InControl Apps features a range of bespoke Jaguar connected to the car from your smartphone. It ensu use of these apps that have been optimised specific your in-car experience.

Wi-Fi Hotspot** gives you the option to create a 3G antenna when you fit a SIM card. This strengthens yo for a more stable connection than an individual devi up to eight devices to read emails, browse the web a

Remote Premium is a multi-function app that allows as interact with your XF from your smartphone. Rem pre-condition the climate, lock and unlock the car, loby using the beep and flash function, and track your

Larger, highly-responsive, 10.2" Touchscreen at the heart of the centre console with customisable homescreen and lightning fast response times. Its interactive side panel makes multi-tasking easy.

Pinpoint touch control allows you to manipulate and interact with information swiftly and seamlessly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch to zoom and swipe.

12.3" Instrument Panel Display with Virtual Dials and full screen 3D Map View makes driving even more of a pleasure. It is housed in the instrument display directly in front of the driver. Select full screen 3D Map View or choose one of four graphical themes to suit your personal preference.

four graphical themes to suit your personal preterence.

Enhanced Natigation with faster response times. One of the many innovative features of Touch Pro's Navigation is that it allows you to set a destination and the system after you if you have insufficient full of the lipourney; it then displays filling stations on the part of the route where you may be low on fuel. The system automatically displays parking options.

Personal media storage of 1008 of usable memory for your music and movies. "Plug and play' using the two USB ports allowing for fast transfer speeds.

Dual View* allows the front passenger and driver to enjoy different media on the same 10.2" Touchscreen. For example, the front passenger can watch a film (listening to the audio with wireless headphones) while the driver views navigation.

XF - THE FACTS

An outstanding combination of advanced engineering, the latest technology and contemporary design sets XF apart.

EFFICIENCY AND PERFORMANCE

ELPTICIENCY AND PERFORMANCE
Find your perfect balance of economy and power in the XF Saloon
and Sportbrake engine range. Many engines feature our ingenium
technology, including the 2.0 little 4 cylinder (1835 Fintbocharged
Diesgi that can achieve CO₂, emissions as low as 104a/km² and
economy us to 70 6mgpt; XFs nost powerful engine, the 3.0 little
VIS 360FS supercharged** can sprint from 0-60mgh in 5.1 seconds*
and reach a top speed of 155mgh.

Even when fully loaded. KF Sportbrake's comfort and precise handling is maintained by self-levelling rear air suspension. This system automatically inflates air springs to counteract the weight of heavy loads, this helps ensure a level chassis and ride height.

"Engine performance and efficiency figures representative of XF Salong only. For detailed XF Salona and Sportbrake technical specifications; see pages 94 to 97. "XF Salono only. Drag coefficient for XF Sportbrake is Cd 0.29. "XF Salon only Drag coefficient for XF Sportbrake is Cd 0.29. "Feature only available as part of Touch Pro. Some feature Selection before are optional and maybet dependent.

VEHICLES SHOWN: XF SPORTBRAKE 5 IN YULONG WHITE AND XF SALOON R-SPORT IN CORRIS GREY WITH OPTIONAL FEATURES FITTED

DYNAMIC DESIGN

DYNAMIC DESIGN
With a sleek, low swooping roofline and optional L6m² panoramic glass roof,
XF Sportbrake makes no compromise between assertive style and versatility. —
Perfectly executed to carry more, its proportions have been shaped to achieveaerodynamic excellence.

ADDED INTELLIGENCE

ADDED INTELLIGENCE Intonative technologies make every drive easier and safer. XF offers Adaptive LED headlights, Traffic Sign Recognition with Adaptive Speed Limiter. Lane Keep Assist with Power Condition Monitor, Autonomous Emergency Brising, Adaptive Cruise Control with Power Condition Monitor, Autonomous Emergency Brising, Adaptive Cruise, Control with Vision States, and S

CRAFTSMANSHIP AND SPACE

776 XCN

Contemporary craftsmanship and a luxurious, practical interior with the space to stretch out and enjoy every journey. Your front and rear passengers will appreciate ligs, knee and headcord mit hat are among the best in class. You can choose the optional 40:20:40 rear seating? configuration for increased volume and versatility.

Every drive in XF is enhanced by inControl tec suite of products and services that connects ye XF to the wider world. It ensures you are alway of Dual View!1, front passenger and driver can the same Touchscreen.

LIGHTWEIGHT ALUMINIUM AR XF's Lightweight Alu an incredibly strong be and responsive sport fuel efficiency.

ADVANCED DRIVETRAIN
XF offers Jaguar's unique All Wh
Dynamics (IDD) and Adaptive Su
diesel models. This maximises the
agility and ride, and gives added

ADVANCED AERODYNAMICS. XF is capable of achieving a drag coefficient of just Cd 0.26**. Evi is aerodynamically designed to be as smooth as possible, while ay optimise airflow through the wheel arches. XF cuts through the ai enhanced refinement and improved efficiency.

JAGUAR EXPERIENCE

There's no better way to get to know Jaguar than by taking a drive. The Jaguar Experience offers a range of unique opportunities to really find out what it feels like to get the most out of a Jaguar. Our track experiences allow you to push yourself and cars from the incredible Jaguar range to the limit. Jaguar Experience date of feet the opportunity to see a Jaguar brought to life during a tour of one of our UM manderuting fecilities.

Find out more by visiting jaguar.co.uk/experience

BEHIND THE SCENES

Our factory tours give you the unique opportunity to experience the whole process of how our cars are brought to life – from the modalding of sheet metal to those intricate first lactoches. At our state-of-the-air production facilities, you'll get to see how skilled technicians and sophisticated machines work seemlessly together to perfect some of Jaguar's most breathtaking cars.

Find out more at jaguar.co.uk/experience-jaguar/factory-tours

DRIVING EXPERIENCES

The opportunity to drive the latest Jaguar cars at their limits, or relive iconic Jaguar history, is rare. Jaguar Driving Experiences offer unique driving adventures you will never forest. Inagine yoursel behind the whole of our highest performing Jaguar models, on a private track, with a Jaguar Experience Instructor at your side. This in the Jaguar Performance Driving Academy.

Find out more at jaguar.co.uk/experience-jaguar

ICONIC EXPERIENCES

Take your driving to the next level with the Jaguar Land Rover Ice Dr we are offering an adventure in Arjeplog, Sweden, that will test and of driving skills in externee conditions. It's a rare chance for owners and the harshest and most challenging tracks on earth, under the skilled the harshest and most challenging tracks on earth, under the skilled most property of the skilled of the skilled

If you'd like to be part of the next adventure, find out more by visitin jaguar.co.uk/experience-jaguar

102 | JAGUAR WORLD

104 JAGUAR WORLD

THE WORLD OF JAGUAR

Choose an XF and you're joining the exciting World of Jaguar. It makes owning and driving carefree and easy, as well as providing a range of exclusive services and lifestyle products.

XF has been designed to keep servicing costs to a minimum – for example, the new Ingenium diesel engines can achieve an incredible 21,000 miles or 2 years' between services due to intelligent design and advanced oil technology.

GENUINE PARTS
Jaguar Genuine Parts are designed, tested and
manufactured to our uncompromising standards
for quality, fit and durability. Each part is engineered
specifically for your XF to contribute to optimum
performance and to help maximise its lifespan.

FLEET & BUSINESS

FLEET & BUSINESS
Jaguar's is declared to being the premium
manufacturer of choice for fleets and businesses by
providing a highly attractive or a region and exemplary
customer service. Jaguars are dynamic and distinctive
cars that help companies express the unique character
and personality of their business. We are committed to
providing totality existomer/clossed affersales services,
which leses every Jaguar or not the move and in top
standard and in the most cost-efficient way for
businesses. Visit jaguarco.uir/fleet-and-business

JAGUAR FINANCIAL SERVICES

Effortless performance and style come as standard with every Jaguar. Jaguar Financial Services makes bying one just as simple and rewarding. New or used, for personal or business use, we have an option that puts you in complete control. [Please speak to your local Jaguar Retailer to find out more.

JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

LOW INSURANCE!

XFs key components are easily accessible for timeefficient service and repair and to minimise scheduled
maintenance and repair costs. With a focus on lower
repair costs, XF delivers competitive insurance group
strings**. To find out more about the compelling
business case for XF, please contact your local
Jaguar Retailer.

776 XCN

AERODYNAMIC DESIGN F-TYPE INSPIRED DESIGN

XF's sweeping exterior design is naturally aerodynamic. Its advanced form enhances handling, dynamics and refinement. Airflow is carefully managed through and around the car. Intakes either side of the front grille draw air in, then charnel it out from the wheel arches to reduce turbulence. As air flows along the car, pressure differences that can cause dray are minimised by the flush, sendynamically optimised shall care can cause dray are minimised by the flush, sendynamically optimised shall be supported to the care of the car

At the rear, XF's tail lights feature a distinctive, F-TYPE inspired roundel and intersecting horizontal detail. The LED brake lights are not only brighter than halogen bulbs, they use less energy - contributing to XF's overall drive for preater efficiency, LED asks oil liminate stater - so following drivers can react more quickly to XF's braking. Within the tail lights is a pinstripe graphic - one of XF's many exquisite finishing touches.
