X-TYPE 2.5 V6

The first time you meet, you could discover something familiar, yet very different. A powerful personality - and far more.

X-TYPE 2.5 V6. Looking around you, no other car seems quite so welcoming.

JAGUAR V6 ENGINES

It's so quiet, can you really believe the speedometer? The X-TYPE is available with either 2.5 or 3.0 litre V6 power units. Developed from the S-TYPE's 3.0 litre V6, both engines are extraordinarily smooth and refined. They share many high performance design features; including 24 valve four cam cylinder heads, variable geometry intake manifolds and continuously variable cam timing.

X-TYPE adapts easily to different situations. There's plenty of room for the unexpected passenger - luggage and all. The large boot swallows up suitcases. The interior provides useful storage space everywhere. The optional split-folding rear seat comes to the rescue when a shopping trip gets really out of hand.

A silver Jaguar X-Type is shown from a front-three-quarter perspective, driving on a road. The car is in motion, with a blurred background featuring a hill with two towers and bare trees. The text "JAGUAR X-TYPE" is visible in the upper right.

JAGUAR
X-TYPE

There's a new face in your life. Young
and intriguing. Inviting you to get involved.
Full of clever ideas to make your life easier.
And so much fun to be with, you could
soon be inseparable. X-TYPE.

*Please note, cars featured throughout this brochure may
be fitted with optional equipment.
Please refer to standard and optional listings for details.*

X-TYPE SPORT

X-TYPE SE

Such a special place to be. Leather seats that feel as good as they look. The glow of hand-finished maple veneers. X-TYPE SE. Powerful therapy for people who play as hard as they work.
